'Second wave's impact unlikely to be big; support needed for recovery'

PRESS TRUST OF INDIA  
New Delhi, May 31

**CHIEF ECONOMIC ADVISER** (CEA) KV Subramanian on Monday said the impact of the second Covid-19 wave is not likely to be large on the economy but going forward, fiscal and monetary support will be needed to prop up growth. He, however, said it would be difficult to predict if double growth target for the current fiscal can be achieved given the uncertainty surrounding the pandemic.

The Economic Survey 2020-21 released in January this year had projected GDP growth of 11 per cent during the current financial year ending March 2022. "Given the uncertainty about the pandemic it would be

very hard to give actual numbers but assessment is that impact is not going to be very large especially also keeping in mind that the estimates that we had made in both the Economic Survey and Budget were relatively very conservative," he said.

India's economy contracted by less-than-expected 7.3% in the fiscal ended March 2021 after growth rate picked up in the fourth quarter. The GDP print was better than the

expected contraction of 8% for 2020-21 as projected by the Economic Survey.

Observing that the second Covid-19 wave peaked in May, Subramanian said the localised and state-wise restrictions adopted to check the spread of the virus do present some downside risk to growth in the first quarter of the current fiscal. "It looks like as of now that India (virus infections) peaked on May 8... I must mention that caveat related to pandemic must be kept in mind that the some qualitative estimates that we have made are subject to immense uncertainty in the trajectory of the pandemic during the year," he said, adding, the intensity of the second wave could not be even predicted by

Delhi HC refuses to halt Central Vista project

FE BUREAU  
New Delhi, May 31

**THE DELHI HIGH** Court on Monday refused to halt construction work at the ambitious Central Vista Avenue in the Capital, saying the work on the project is of national importance and has to be completed within a time-bound schedule by November. The ongoing construction work has come under criticism as the country battles a deadly second Covid wave.

Refusing to suspend work at the redevelopment project amid the pandemic, a Bench comprising Chief Justice DN Patel and Justice Jyoti Singh said, "Central Vista Avenue Redevelopment Project is equally important and essential as the Central Vista Project (the main project). If this type of project is stopped, the main project cannot be completed within the stipulated time. Once the workers are staying at the site and all facilities have been provided by respondent 4 (Shapoorji Pallonji and Co), Covid-19 protocols have adhered and appropriate behaviour is being followed, there is no reason to stop the project."

"The construction activity of this essential project or a project of national importance cannot be stopped, especially when the conditions imposed by the Delhi Disaster Management Authority on April 19 are not flouted or violated," it further said.

The petitioners — Anya Malhotra, a translator, and Sohail Hashmi, a historian and documentary filmmaker — had sought suspension of work on the redevelopment of the Central Vista Avenue which includes both sides of Rajpath where Republic Day celebration during the pandemic.

The whole project was awarded after tendering process and time being the contract's essence, the work has to be completed within the schedule on or before November 2021, the HC said, rejecting the petitioners' arguments that the time limit be extended. Imposing a cost of ₹1 lakh on the petitioners to be deposited by the Delhi State Legal Services Authority in 4 weeks, the HC termed the petition "motivated" and "not a genuine PIL".

The judges also pointed out that clearance to the project has already been upheld by the Supreme Court.

Rejecting the stand that the project is not an essential activity, the Chief Justice said the project is of vital importance and essential and has a direct nexus with the main project.

PLI: Govt nod to 4 firms for bulk drugs

PRESS TRUST OF INDIA  
New Delhi, May 31

**THE GOVERNMENT** has given approval to four waitlisted firms under the production-linked incentive (PLI) scheme for domestic manufacturing of bulk drugs, an official statement said on Monday.

The Department of Pharmaceuticals had launched the PLI scheme for promotion of domestic manufacturing of critical bulk drugs — Key Starting Materials (KSMs)/Drug Intermediates and Active Pharmaceutical Ingredients (APIs). It envisages setting up

greenfield plants in four different target segments with a total outlay of Rs 6,940 crore for the period 2020-21 to 2029-30.

All the 215 applications received for the 36 products spread across the four target segments were considered and appraised and selected participants duly informed, the ministry of chemicals and fertilisers said. Now, four waitlisted applicants who are otherwise eligible have been approved against slots vacated by withdrawal by companies which had earlier been granted approvals, it said.

The companies which have been given approval are — Solara Active Pharma Science, Rajasthan Antibiotics, Dhatri Lab and Vital Laboratories. The products for which approval has been given are — 1,1 Cyclohexane Diacetic Acid, Meropenem, Ritonavir and Levofloxacin, the statement said.

"With this, a total of 46 applications with committed investment of ₹5,355.44 crore and expected employment generation of about 11,210 have been approved by the government so far under the PLI Scheme for Bulk Drugs," the ministry said.

Core sector output jumps by 56.1% in April

PRESS TRUST OF INDIA  
New Delhi, May 31

**THE OUTPUT** OF eight core sectors jumped by 56.1% in April mainly due to a low base effect and uptick in production of natural gas, refinery products, steel, cement and electricity, official data released on Monday showed.

The eight infrastructure sectors of coal, crude oil, natural gas, refinery products, fertilisers, steel, cement and electricity had contracted by 37.9% in

April 2020 due to lockdown restrictions imposed to control the spread of coronavirus infection. In March this year, the eight sectors had recorded a growth rate of 11.4%.

"This high growth rate in April 2021 is largely due to low Index base in April 2020 consequent to the low industrial production across all sectors caused by nationwide lockdown imposed to contain spread of Covid-19 last year," the ministry said in a statement.

According to the commerce

and industry ministry data, production of natural gas, refinery products, steel, cement and electricity jumped by 25%, 30.9%, 400%, 548.8% and 38.7% in April, as against (-) 19.9%, (-) 24.2%, (-) 82.8%, (-) 85.2% and (-) 22.9% in April 2020, respectively.

Coal and fertiliser segments too recorded positive growth during the month under review. However, crude oil output dipped by 2.1% in April as against (-) 6.4% in the same month last year.
